Location: Tashkent, Uzbekistan

Professional Summary

I am a Front-End Developer skilled in modern frameworks like React and Vue, with experience in building responsive, accessible, and performant UIs. I have worked with Tailwind CSS, GSAP, and various UI libraries such as Ant Design and MUI. I enjoy solving complex problems and focus on cross-platform compatibility and performance optimization in every project I build.

Technical Skills

- JavaScript (ES6+), TypeScript, HTML5, CSS3, Sass
- React, Vue, Next.js
- Tailwind CSS, MUI, Ant Design, Flowbite
- Git, GSAP, REST API, Axios

Work Experience

Frontend Developer - Perfona - Tashkent

January 2025 - Present
